Unit 305, Design Centre East, Chelsea Harbour, London, SW10 0XF

Dorset

The Dorset is a cherished classic, a design that has spanned over decades. Soft curved lines allow this versatile piece of furniture to be used in almost any design scheme. It has a firm sprung back for support and soft feather, foam wrapped seat cushion for comfort. The foam wrapped core within the seat interior allows for easy maintenance but does not compromise on the comfort this design is famous for.
